**NOTICE**

Intended for	All students
Regarding	MST 1

This is to inform you all that alongside the main Mid-Semester Test (MST1), there will be an additional technical paper. You will be given an extra 10 minutes specifically for this technical paper.

It is imperative that you complete the technical paper on the provided sheet itself. Once finished, ensure to attach it securely to your main answer sheet. This paper is equally important and contributes to your overall assessment.

Please make sure to manage your time effectively to address both components of the test adequately. Best of luck!
